

Betonit™

Liquid Nails

CONSTRUCTION
ADHESIVE

**Strong Hold.
Faster Installation.
No Nails Needed.**

Upgrade your installation speed and bond reliability with **Betonit Liquid Nails** – a professional-grade adhesive engineered for multi-surface construction fixing.

Designed for contractors who need strength, versatility, and jobsite efficiency.

High bond strength for structural fixing

Strong initial grab - less temporary support needed

Flexible bond - resists cracking and vibration

Temperature and moisture resistant

Interior and exterior use

Works On:

- ✓ Wood
- ✓ Fluted Panels
- ✓ Plasterboard
- ✓ Concrete
- ✓ Stone
- ✓ Metal
- ✓ Plastics
- ✓ Rubber

One adhesive. Multiple applications. Fewer product SKUs on site.
