FLOORING SOLUTIONS

Levelling and Smoothing

Floor Smoothing Compound

- cement-based compound **fills major and minor dips** of defected old or existing concrete floors up to **12 mm** depth
- eliminates bond failures; **provides durability** to heavy traffic
- suitable for **repairing or renovation of interior and concrete floors**

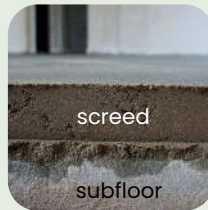

2-15 sqm **6mo** shelf-life **25kg** pack size

Floor Screed

- cement blend for that provides a leveled semi-smooth surface for floors
- assisted flow for easier application
- can be applied from 20 to 40 mm in depth

1-2 sqm **6mo** shelf-life **25kg** pack size

LS SealHard

- ready-to-use water-based sealer, **concrete densifier**, and **dustproofer** formulated to protect and strengthen concrete surfaces
- penetrates and seals concrete surface; improves **abrasion and impact resistance** as well as **durability** of concrete
- can achieve **marble-like finish**; improves properties over time
- for interior and exterior surfaces for residential and commercial applications

areas of application

countertop

residential interior & exterior floors

industrial warehouses

16-20 sqm **12mo** shelf-life **4L** pack size

Self-Leveling Underlayment & Overlayment

- **fast-setting**, special modified cement blend that is mixed with water to produce **free-flowing** underlayment and overlayment
- for use in **rapid leveling** of floors of up to **10 mm** thickness
- minimum labor and installation: **mix, pour, spread, let dry**
- **superior crack resistance** due to low shrinkage property

Underlayment

flat base applied over the subfloor prior the installation of floor cover
compatible with most subfloors and floor coverings

colors available: *beige, gray*

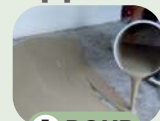

Overlayment

floor overlay designed to cover up or resurface existing floors
compatible with most preferred topcoats and sealers

colors available: *terra cotta, sage green, blue, industrial gray, clay red, beige*

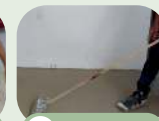

application

1 POUR

2 SPREAD

3 LET DRY

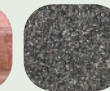

substrates

concrete

tile

stone

fiber-cement boards

floor coverings for underlayment

vinyl tiles

wood parquet

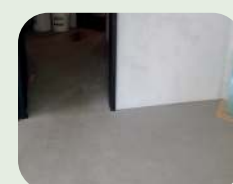

carpet

epoxy

topcoats & sealers for overlayment

- gloss topcoat
- semi-gloss topcoat
- other sealers and topcoats available

residential

commercial

2 hrs final set **1-10** sqm **6mo** shelf-life **25kg** pack size
